FOR DIGITAL DEVICES
IN DAILY LIFE**

ABOUT ESYCLEAN

Originate from OEM service since 2005, the ESY factory recombine to Shanghai ESYCLEAN Technology. ESYCLEAN is committed to the production and processing of optical dust-free cleaning products. The factory is equipped with the complete and advanced dust-free workshop. Adhere to the tenet of quality first, we are supplying safe & high efficient cleaning tools and service for electronic devices including digital camera, camcorder, telescope, microscope, projector, glasses and the screen of TV, computer, mobile phone, etc.

Advanced CLEAN-ROOM workshop. The maximum number of particles with a particle size of $0.1\ \mu\text{m}$ or more ≤ 100 in 1 cubic meter. CLEAN-ROOM environment guarantee the true dust-free products for delicate optical devices cleaning.

PRODUCTS INTRODUCTION

Sensor Cleaning Swab

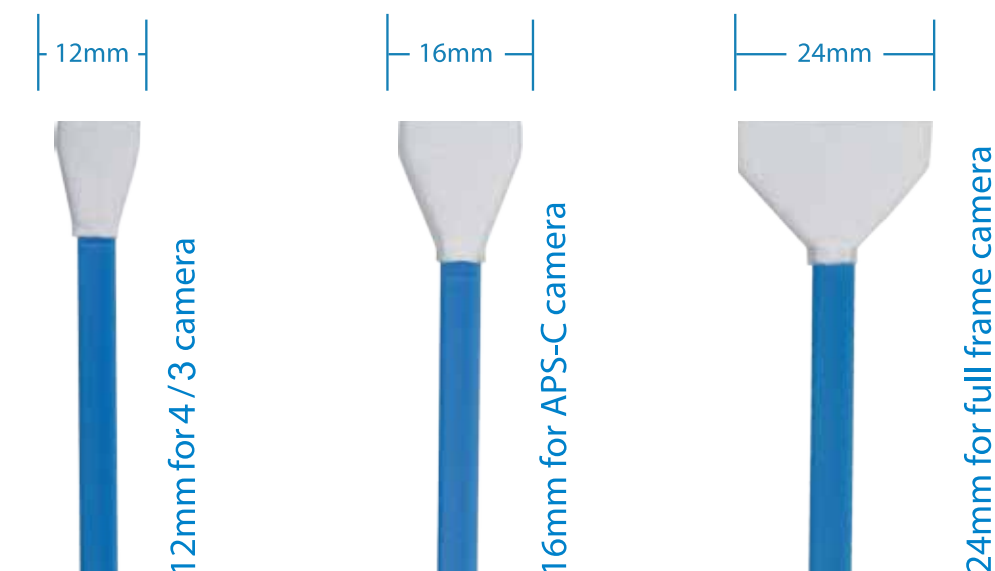

- 1. Superfine microfiber cleaning swab
- 2. All the swabs are manufactured in the class100 cleanroom, leaves no fibers or debris behind;
- 3. Each of the swabs undergoes 4 washes with ultrapure water (resistance of 18 MQ). After the washes, the swabs are subjected to a 2-hour ultrasonic wash and then vacuum-sealed to ensure dust-free.
- 4. The ergonomic design makes sensor cleaning operation easier & safer.
- 5. 3 different sizes for M 4/3, APS-C and full frame sensor

Swab Size	Camera Type	Camera Model
12mm	Micro 4/3 Camera	Olympus EM-10, etc
16mm	APS-C Camera	Canon 80D, Nikon D7200, etc
24mm	Full Frame Camera	Sony A7, Canon 5D, Nikon D850, etc.

PRODUCTS INTRODUCTION

Pre-moistened Sensor Swab

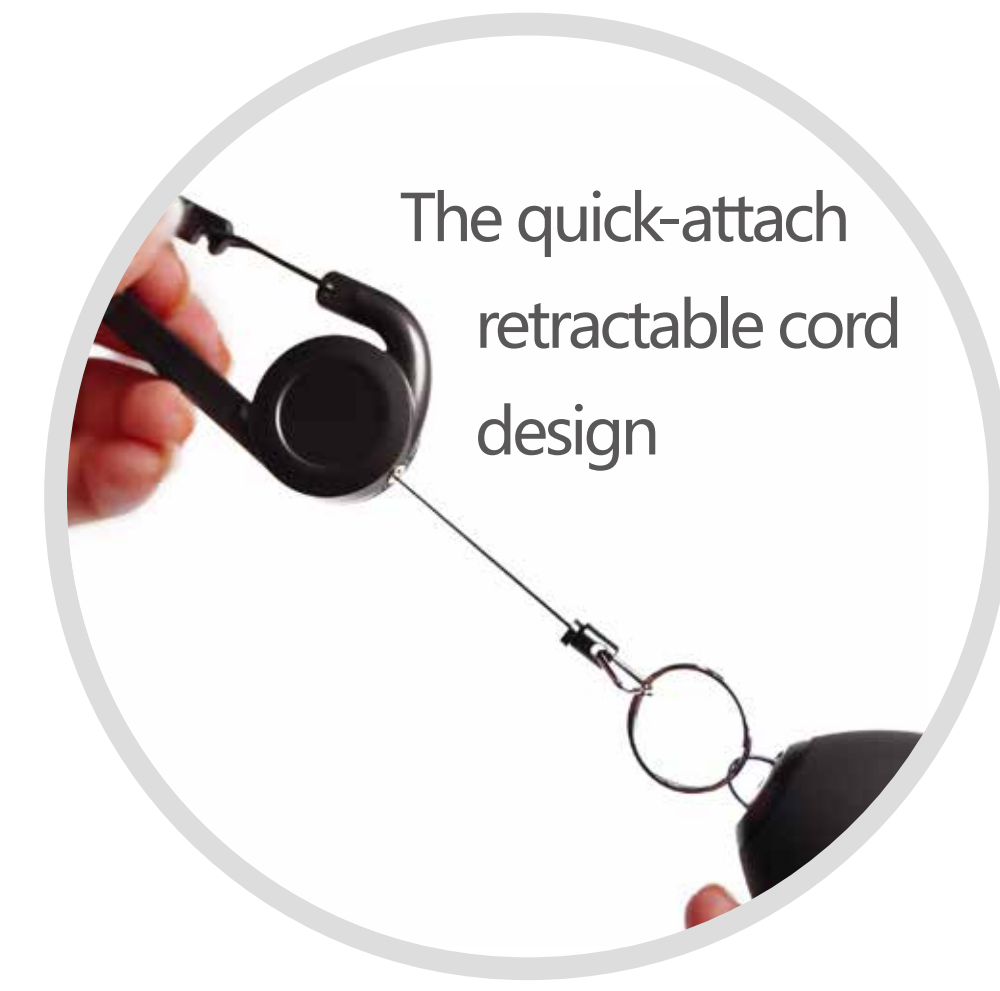

The perfect combination of sensor cleaning swab and dedicated sensor cleaning solution. More convenient and efficient. Vacuum sealed packing & 2 years' quality warranty.

Pre-moistened Sensor Swab

FILTERED HURRICANE AIR BLOWER

1. The large-size high-elasticity silicone blower delivers sustained powerful air flow, achieving a cleaning efficiency 3-5 times higher than traditional blowers.
2. Its unidirectional air intake design eliminates dust backflow, effectively preventing secondary contamination during cleaning.
3. The quick-attach retractable cord design allows for direct attachment to camera bags, ensuring convenience for outdoor use. It offers instant access and hassle-free operation whenever needed, prioritizing portability and efficiency.

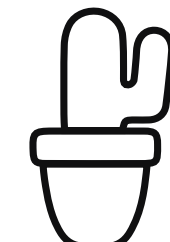

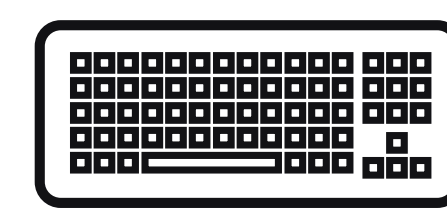

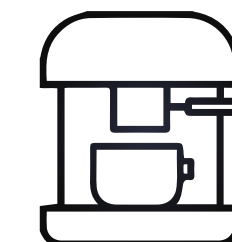

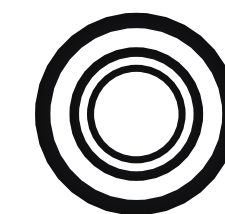

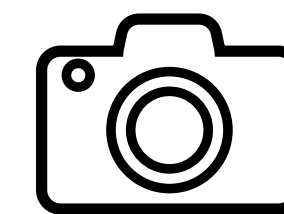

HURRICANE AIR BLOWER PRO

1. The exclusive patented ergonomic design enhances visual appeal while optimizing grip stability.
2. With ergonomic sizing and contoured shaping, the product fits naturally in hand, achieving 360° palm contact for superior tactile comfort.
3. Utilizing high-resilience silicone material maintains consistent powerful airflow, enhanced cleaning efficiency.

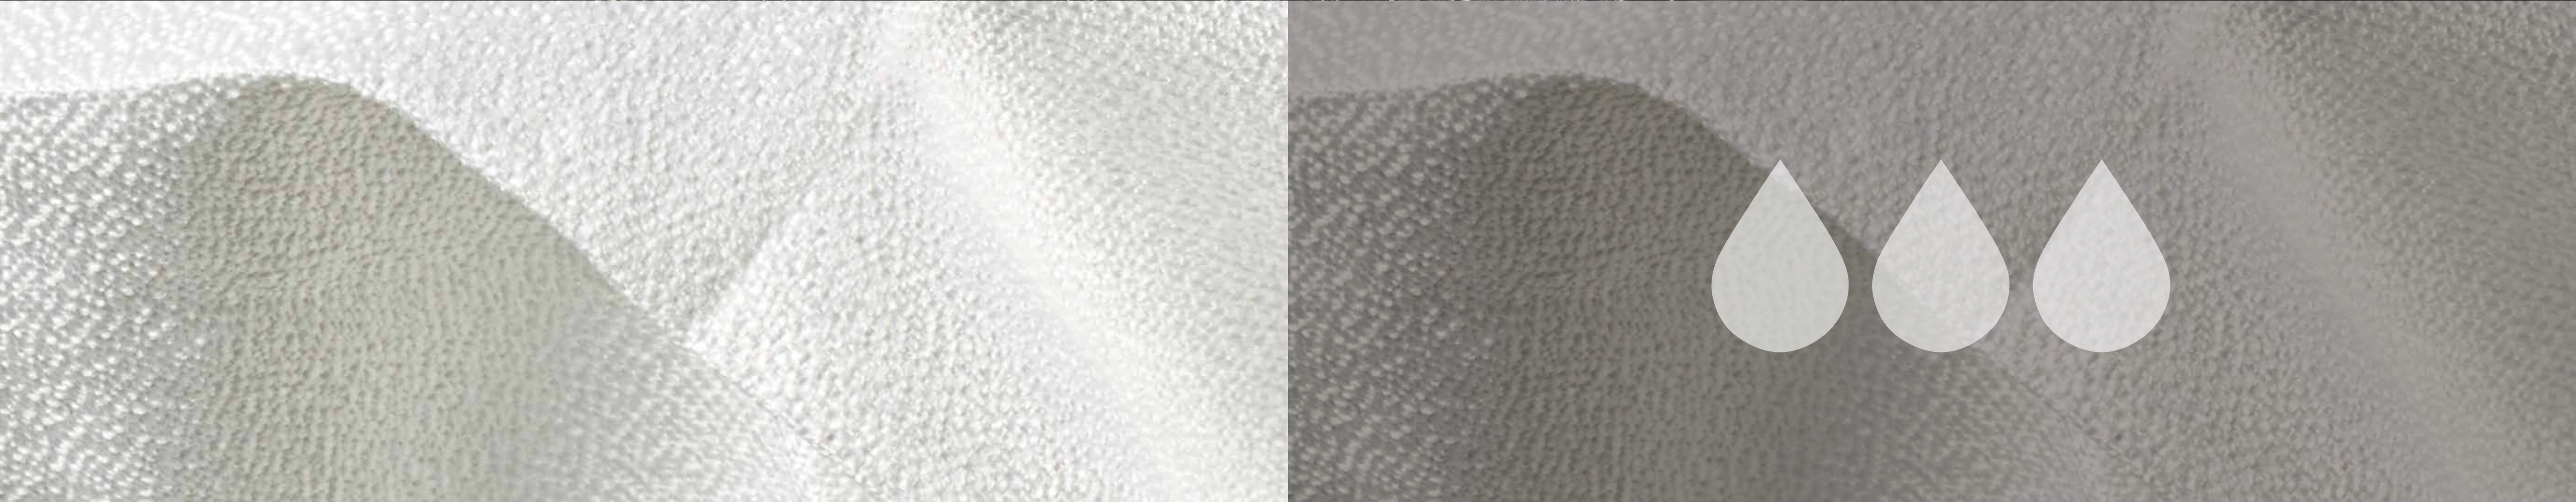

PORTABLE AIR BLOWER

1. Environmental silicone material air blower. Soft nozzle avoid accident damage in case of contact lens, filter or sensor. Accord with RoHS standard.
2. The improved uni-body blower nozzle will not fall off while blowing a powerful stream of air, it can easily blow away dust and particles from the camera lenses and sensors.

PRE-MOISTENED MICROFIBER LENS CLEANING CLOTH

Excellent cleaning performance, far exceed all kinds of paper wet wipes.
Streak-free and evaporates fast. More convenient and efficient. Vacuum sealed packing & 2 years' quality warranty.

Microfiber Lens Cleaning Cloth

Pre-moistened Microfiber Lens Cleaning Cloth

MICROFIBER LENS CLEANING CLOTH

Microfiber Lens Cleaning Cloth

Clean-room produce

Easy wipe

1. Superfine microfiber lens cleaning cloth, unique weaving texture make cleaning simple & easy
2. Laser cutting & lint free
3. Clean-room produce, the real dust-free

LENS CLEANING PEN

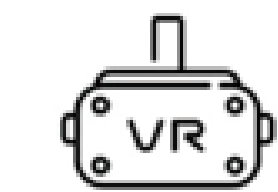

1. Nanometer carbon powder tip. Effectively work for fingerprint, smudges, grime, etc.
2. Superfine brush, guaranteed no damage on lens.
3. Portable & ergonomic design.

EYLIN Lens Cleaning Pen

Beautiful ergonomic design.

Widely used in cleaning all kinds of digital devices, optical surface, such as VR glasses, drones, watches, etc.

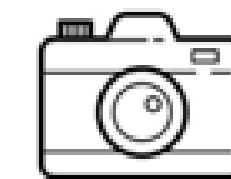

VR Headset

Drone

Hololens

Camera

360° Camera

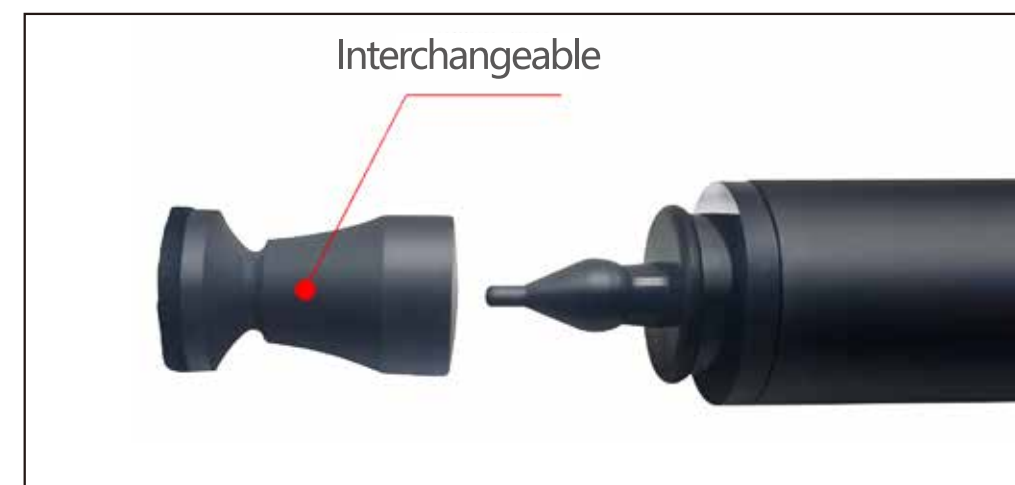

Telescope

INTERCHANGEABLE-TIP LENS CLEANING PEN PRO+

1. Interchangeable-tip lens pen with patented quick-release design.
2. Extended service life 8-10 times compared to conventional models through standardized replacement protocols.
3. Professional nanoscale carbon tip achieves 99.8% particle removal rate via molecular adhesion technology.
4. Anti-static soft bristles prevent micro-scratches while cleaning.

LENS & SENSOR CLEANER

1. Made from ultrapure water (quality guarantee 3 years)
Accord with RoHS standard.
2. Alcohol free formula, mild & safe cleaning for optical
lens & sensor
3. Excellent cleaning performance, streak-free and
evaporates fast
4. 3 different cleaners for lens, sensor and screen

SLR CAMERA CLEANING KIT

HOT for OEM

Lens Cleaning Travel Kit

Contains all lens cleaning tools, compact and portable,
can be easily stored in the camera bag.

Laser cutting microfiber cloth,
no fiber dropping and lint-free during cleaning process,
ensuring a thorough and effective clean without leaving
any residue behind.

20 IN 1 CAMERA LENS & SENSOR CLEANING KIT

Portable travel case.

HOT for OEM

Easy to store in the camera bag. Includes all the essential cleaning tools, provides efficient and convenient cleaning even during the journey. It is also suitable for cleaning optical lenses of microscopes, binoculars, projectors, gun sights, etc.

DRONE & MOTION CAMERA CLEANING KIT

With the advancement of science and technology, people's requirements for camera and video equipment are getting higher and higher. Drones, sports cameras, and 360°panoramic cameras can help us capture wonderful moments and see beautiful scenery that is difficult to see with our naked eyes.

Working in complex external environment, the imaging systems of these devices will inevitably be affected. Regular cleaning can ensure perfect image quality output and get a better visual experience.

SURVEILLANCE CAMERA & DRIVING RECORDER CLEANING KIT

Surveillance cameras and driving recorders provide a strong guarantee for our daily safety, but with the passage of time and the interference of external dust, the image quality is also greatly affected. EYLIN surveillance camera & driving recorder cleaning kit was designed for solving the cleaning needs of them. Just a slight wipe, dust will disappear.
